

CERTIFICATE
C – CATEGORY COURSE

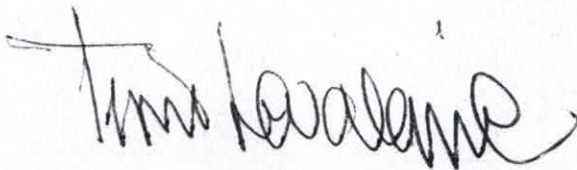

Elena Shekunova

Has attended 'Research, Animals & Welfare' course held during 27 May - 5 June 2002 in St. Petersburg, Russia. This course was arranged under the auspices and support of NorFa, Swedish Research Council, and AALAS Foundation. The course is the seventh in a series of Scandinavian-Baltic competence courses, and represents a novel cooperation between Nordic Alliance for Laboratory Animal Science Education (NALASE) and the Pavlov Medical University in St. Petersburg, Russia.

The curriculum followed the guidelines established for C-category competence courses (scientists) in laboratory animal science by the European Union, the Council of Europe, and Federation of European Laboratory Animal Science Associations (FELASA).

The course program consisted of 120 hours of lectures, hands-on exercises, simulated exercises, interactive meetings and group work, and a final examination. This certificate is to verify the successful passing of the examination of the person named above.
